REV. PORTER IN- DORSES BOSWORTH

Vice-President Anti-Saloon League, Noted Temperance Lecturer and Prominent Minister Wants Henry Bosworth for Governor.

POSSESSES THE QUALIFICATIONS

(From THE SOMERSET JOURNAL of April 16, 1915.)

The following letter, written by Dr. J. W. Porter, of Lexington, to Senator J. R. Catlett, was published in Senator Catlett's paper, The Princeton Leader, one of the leading Democratic papers in Western Kentucky, and is self-explanatory:

Lexington, Ky.,
April 5, 1915.

Mr. J. R. Catlett,
Princeton, Ky.
My Dear Sir:

I have been shown a copy of your letter recently addressed to Hon. C. O. Bosworth, of Lexington, Kentucky. I further note that you say that I am being quoted as a supporter of the Hon. H. V. McChesney for the position of Governor of Kentucky.

Permit me to say that this is altogether untrue and to the contrary I expect to vote for Henry Bosworth for this position. His entire family is connected with my church and his temperance sentiments are all that I could ask and that I think anyone else could reasonably require. I am thoroughly convinced that if Mr. Bosworth is elected, that his position on temperance question will be eminently satisfactory to the temperance cause.

I have nothing at all against Mr. McChesney, but long before his name was mentioned I satisfied myself in regard to Mr. Bosworth and have told him to count upon my support.

Sincerely yours,
(Signed) J. W. PORTER

Dr. J. W. Porter, who wrote the above letter endorsing Hon. Henry M. Bosworth for the Democratic nomination for Governor, is so well known, not only in Pulaski County and the Eleventh Congressional District, but all over Kentucky, that it seems superfluous to make any comment of an introductory character. Dr. Porter is recognized today as probably the most prominent and able temperance lecturer and platform orator in the State of Kentucky. He is Vice-President and a Director of the Anti-Saloon League in Kentucky. He has aided in every temperance fight we have had in Pulaski County in many years past. He is Moderator of the Kentucky Baptist Association and was unanimously re-elected for another year at the annual meeting held in Somerset last fall. He is editor of the Western Recorder, one of the oldest religious publications in the State, and is the pastor of the First Baptist Church, of Lexington. The hearty endorsement of Dr. Porter illustrates the high esteem in which Mr. Bosworth is held by the Christian people of the State of Kentucky, who are supporting him so loyally for the nomination—a race which it looks like he will win by a tremendous majority.

Cure Old Sores. Other Remedies Won't Cure.
The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

Diarrhoea Quickly Cured

"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones Butord, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.

BARNEY OLDFIELD AT OWENSBORO

Noted Aviator Also to do Stunts for Benefit of Kentucky State Guards

FROM JULY FIFTEENTH TO THE TWENTY-FIFTH

Barney Oldfield, greatest of all the world's automobile racing drivers, and DeLoyd Thompson, the most wonderful aviator who ever sailed through the air, will be at Owensboro, Ky., Thursday, July 22, to give exhibitions of their marvelous work, in connection with the State Guard Encampment which will be held beginning July 15, and lasting until the 25.

The exhibitions will be beyond any doubt the most notable to ever have been offered in this part of the country. All over the United States Thompson and Oldfield have been greeted by huge and enthusiastic crowds, who were thrilled by their death-defying actions on earth and in the air.

The race which Thompson in his biplane and Oldfield in his record-holding automobile engage is thrilling to the extreme. At times, while going faster than 100 miles an hour, the birdman and the auto pilot are only inches apart, the air machine darting over its rivals head like a huge bird.

Thompson will also show what the aviators of Europe are doing in the great international conflict by presenting a war feature, in which he will be assisted by the entire three regiments of the Kentucky Guard, some 3,000 strong. This big feature attraction will afford a spectacle that is worth going miles to see as it is seldom we have a chance to occupy a good seat in the grandstand and witness real warfare without the horrors of war.

Traveling Man's Experience

"In the summer of 1898 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.

Becker Reprieved; Governor Grants Respite

Albany, July 1.—Governor Whitman today granted Charles Becker, the former New York police lieutenant, under sentence of death in the week of July 12, a reprieve until July 26.

The governor said that he would take no further action in the case than the granting of the reprieve. This means that if the United States Supreme Court does not interfere, Becker will have to die.

CURTAILING MEAT DIET

While it may be a little unpleasant to contemplate, there is a ray of sunshine in that condition in the live stock market may force a curtailment of the meat diet in the American home in the near future. Many who have given this subject careful thought believe that such a development would be beneficial to the physical man. However that may be, it will force a little greater practice of economy, which is much to be desired. Some of the big Chicago packers are convinced that curtailing of the meat diet in many American homes will be necessary in the near future if conditions do not change quickly, and there seems to be no way to bring about a rapid change. According to some meat dealers the prices, which have been steadily rising in the last month, especially on pork and mutton, will continue to soar. The rise during the last month is variously estimated from 5 to 15 per cent on pork. The rise in the price of beef was the smallest. Dealers declare this sudden rise is due to the large quantity of the products being sent to Europe to feed the warring armies. Chicago Evening Post.

What Mothers Will Need to Know in July

In the Better Babies department of the July Woman's Home Companion appears the following "Mother Calendar for July:

1. "Keep the babies cool, inside and out. Have clothing loose and light. The child two years or more needs nothing but sandals and rompers, with a thin knitted shirt, low necked and sleeveless, if there is a tendency to bowel trouble.
2. "Babies require only knitted belly bands, shirt and diaper, with a plain slip if desired. For cool nights and mornings add lightweight kimono, nightdress or sacque of Shaker or outing flannel.
3. "On very hot days give baby a cleansing bath in the morning, a cooling bath before bed time. When baby is feverish eight ounces of alcohol may be added to one quart of warm water and used as a sponge bath.
4. "When the baby suffers from prickly heat do not use soap, but put a cup of bran meal in a cheese-cloth bag and stir this in the bath water until the water takes a milky hue.
5. "Never expose the baby to the sun in hot weather. If protected from the flies by mosquito netting, the baby may take an outdoor nap in the shade of the porch or tree."

KENTUCKY POLITICAL NEWS

Leading Facts of the Past Week

McDERMOTT'S SPEAKINGS.

Paducah, Ky., June 26, 1915.—(Special Correspondence.)—Lieutenant Governor E. J. McDermott spoke here Thursday afternoon to about 250 people. There were present a number of Prohibitionists and Republicans, and several Stanley supporters, all of whom, regardless of their choice for Governor, honor and respect Mr. McDermott.

The address was characteristic of the speaker—eloquent and outspoken on the issues he deems paramount in Kentucky to-day.

As in his previous speeches, Mr. McDermott gave his reasons for opposing state-wide prohibition. He served in the Constitutional Convention and helped place in the constitution the provision that enables each county to be a self-governing unit, without interference from outside counties. In the last session of the legislature, when the present County Unit Law was passed making the constitutional provision fully effective, Mr. McDermott stood for the Jeffersonian fundamental democratic doctrine that people can govern themselves on such matters better than outsiders can govern them.

In this he agrees with his opponent, Mr. A. O. Stanley, that state-wide prohibition is not an effective temperance measure, but, on the contrary, would take away, without the consent of the governed, that most sacred right of a free people to regulate for themselves, within their own county, moral and social affairs, such as the license or prohibition of saloons. He maintains that whenever the people of a county, whose elected officers must enforce the law, if it is to be effective, want to abolish saloons, they can do so under the County Unit Law; and that that prohibition thus obtained will be exactly what the people want. If state-wide prohibition is forced upon the unwilling people of any county, neither they nor the officers they elect will obey or enforce the objectionable law. Such contempt of law is hurtful to the character of the citizenship, and tends to cause disrespect for other laws.

From Paducah, Mr. McDermott went to Marion, Sturgis and Morganfield, where he addressed rather small audiences, owing to the fact that farmers are busy with their crops.

NEWMAN WITHDRAWS FROM GOVERNOR'S RACE.

Frankfort, Ky., June 25, 1915.—(Special Correspondence.)—The withdrawal of Commissioner of Agriculture J. W. Newman from the race for Governor was somewhat of a surprise to many, although it was conceded that Harry McChesney, backed as he is by the Anti-Saloon League and General Percy Haley, had much the larger following among the "extra dries," as Mr. Newman expresses it. Evidently Mr. Newman realized that he could not make much headway as a state-wide candidate against the candidate selected by Dr. Palmer, the Anti-Saloon League superintendent, and O. K. d by Senator Beckham and General Haley.

Although Mr. Newman was the first candidate to announce for Governor on a state-wide prohibition platform, and had the endorsement of the W. C. T. U., the pioneer temperance organization of the state, the powers that were to direct the campaign did not look with favor on his candidacy. Mr. McChesney was selected as the standard bearer of the prohibitionists. His headquarters are busy, with a large force of clerks, and ample funds to make an aggressive campaign.

In his card of withdrawal Mr. Newman says he has canvassed and spoken in more than forty counties, and has concluded that there are only two candidates for Governor who are seriously considered in the race. Though he did not mention names, it is conceded that he meant Stanley and McChesney. Furthermore, he says the Democratic party is facing a crisis that may endanger its success, unless harmony is restored and all unite for victory in November, which he pledges himself to aid in accomplishing. The harmony and unanimity of the Republican platform convention at Lexington this month, at which they reaffirmed the County Unit Law, and declined to take any state-wide "in their," with Judge O'Rear and Dr. Bruner, was a distinct warning that the Republicans are to be in the running this fall, ready and anxious to take advantage of any Democratic mistakes. They believe that a state-wide prohibition Democracy will assure Republican victory this fall. For that reason Mr. McChesney is the prime favorite of Republicans, from Ed Morrow, the sure-thing nominee for Governor, down to the boys in the trenches who hope to get jobs under a Republican administration.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

Some say that Mr. Newman feels that President Wilson's opinion that local option, and not state-wide prohibition, is the proper method of controlling the liquor question, meets the approval of Kentucky Democrats, who

are enthusiastically behind the President in all his great policies.

Mr. Newman is a Democrat of the truest type, and as Commissioner of Agriculture has accomplished greater results for the development of the farming interests of the state than all his predecessors combined. He is a tireless, fearless worker, and has done things worth while since he has been in office.

STANLEY SPEAKS TO RECORD. BREAKING CROWDS IN THE THIRD DISTRICT.

Franklin, Ky., June 26, 1915.—(Special Correspondence.)—Hon. A. O. Stanley finished the busiest week of his campaign to-day at this place, speaking to the largest crowd that has attended a political speaking in this county in years, estimated at 5,000 to 6,000. Enthusiasm was unbounded, and, to all appearance, Stanley men were the only kind of Democrats in Simpson county.

Mr. Stanley began the week's campaign at Glasgow, where a record-breaking attendance greeted him. It was the largest crowd that has been in Glasgow since the Civil War. Practically everybody seemed to be for Stanley.

From Glasgow, Mr. Stanley went to Edmonson, Metcalfe county; Brownsville, Edmonson county, and Scottsville, Allen county. Everywhere the attendance was larger than the court houses could accommodate, and windows and standing room were occupied by eager Democrats, notwithstanding the fact that the farmers are behind with their work and in the middle of their harvests.

The masterly appeals Mr. Stanley is making to the people to stand by President Wilson in his splendid leadership of the party is received most enthusiastically. It is apparent everywhere that the people want a business administration, with such a revision of the tax law as will enable the state to pay off the \$2,000,000 state debt, without laying any heavier tax burden upon the farms, live stock and other tangible property that now pays the expense of government. Millions upon millions of property that escapes assessment and pays no taxes must be put upon the tax duplicate and made to pay its share of the taxes necessary to pay off the state debt, build good roads throughout the state, and improve the school system by having longer terms in the country and better paid teachers.

The County Unit Law, passed by the last legislature, meets the approval of the people. They do not want to experiment with state-wide prohibition, when under the County Unit system every county can vote on the saloons any time a majority of the people want to do so. The taxpayers do not want to destroy the \$100,000,000 of taxable property in the state that is paying nearly a million dollars a year in taxes, and place upon the farms, factories, live stock and other property, already too heavily taxed, that additional burden, which would be necessary if state-wide prohibition were adopted.

The slogan, "Stand by the President and the Democratic platform, state and national, upon which the party has won its greatest victories," meets the hearty approval of the people.

MORROW ADDRESSES A BIG CROWD AT SHELBYVILLE.

Shelbyville, Ky., June 25, 1915 (Special Correspondence.)—In the rock-ribbed Democratic stronghold of Shelby, the Hon. Edwin P. Morrow had a very large attendance to hear him speak last Tuesday evening. Democrats and Republicans, as well as many ladies, turned out to hear him. It was noted that, although Mr. Morrow spoke at night, he had a larger crowd than Mr. McChesney had a week before, on County Court day.

Ed Morrow, as he is familiarly called by everybody, is a most attractive speaker, and off the platform is the best handshaker, and wears the happiest smile of any man in Kentucky, and if the Democrats make any serious mistake in choosing their candidate for governor, many a Democrat will hear Morrow's eloquent voice and feel the magnetic persuasion of his cordial hand when they go into the booth on November election day.

After the speaking, a number of Democrats, and ardent temperance men, met Mr. Morrow, and told him that they agreed with him on the liquor question, believing that the County Unit law was all that is needed to banish the saloon from any county where a majority of the people are opposed to them. The recent wet and dry election in Shelby county proved to them that state-wide prohibition is not necessary, for they voted out saloons, and the county is now as dry as a powder horn. At the same time they do not want to destroy the vast distilling properties in the state that pay nearly a million dollars in taxes, for if they do, they well know that other property, already heavily taxed, will have to take up that burden in addition to what they now carry, and that without accomplishing anything for real temperance.

With a state treasury already over two million dollars in debt, the taxpayers do not fancy adding another million on account of state-wide prohibition, for they know they will have the whole thing to pay in the end, while the office seekers who are riding the prohibition issue can take it easy. The bankrupt neighboring states of West Virginia and Tennessee, each with a debt of twelve million dollars and state-wide prohibition, are warning danger signals to thoughtful people.

JAMES P. EDWARDS ANNOUNCES FOR LIEUTENANT GOVERNOR.

Louisville, Ky., June 28, 1915.—(Special Correspondence.)—Hon. James P. Edwards, of Jefferson County, one of the most prominent lawyers in the state, has announced his candidacy for the Democratic nomination for Lieutenant Governor. His platform is, briefly, better schools, improved public highways, economy in state affairs, abolishment of unnecessary expensive offices, revision of tax laws so as to relieve overtaxed properties and taxation of such property as now avoids taxation, favors the present County Unit Law for regulation of the liquor traffic as passed by the legislature in compliance with the Democratic platform of 1911, which is the fundamental law of the party, and opposes State-wide prohibition as unnecessary as a temperance measure, a menace to the overburdened taxpayers, and contrary to both the National and State platforms of the party.

Mr. Edwards was a candidate for Lieutenant Governor in 1911, and was defeated by Mr. Edward J. McDermott, the present Lieutenant Governor, now a candidate for Governor, by a plurality of 1562 votes in the State, though Mr. Edwards carried Jefferson County over Mr. McDermott by over 5,000.

Judge Edwards is a giant physically, being several inches over six feet tall, is a forceful public speaker, a man always with the courage of his convictions, and loyal to his sense of duty in both private and public life.

McCHESNEY IN THE MOUNTAINS.

Middlesboro, Ky., June 26, 1915, (Special Correspondence.)—H. V. McChesney, state-wide prohibition candidate for governor, has been speaking in the mountain counties this week.

At Middlesboro there were present forty white men, ten ladies, and three negroes. At London, Williamsburg and Corbin, Republicans and Democrats in about equal numbers, and a few ladies, heard him attentively. Republicans generally, who are taking any interest in state politics, think well of Mr. McChesney as a Democratic candidate. (Adv.)
